Going for Gold!

As the Registered Master Landscapers Landscapes of Distinction Awards approach, the anticipation at Goom Landscapes is tangible. The stage is set, and four of our most exceptional projects are poised to make their mark in Dunedin in early September. With great pride, we present 'The Vibe', 'Hillside Resort', 'Pool Party' and 'Mid-century Cool' - four stunning entries that showcase our mastery in design, construction, and planting.

'The Vibe' captures the essence of modern urban landscaping, transcending the boundaries of conventional design. It effortlessly blends contemporary aesthetics with sustainable elements, creating an oasis in the heart of the city.

'Hillside Resort' transports visitors to a realm of tranquillity and natural splendour. This project exemplifies our commitment to harmonising landscapes with their surroundings. It showcases the seamless integration of structures and green spaces, offering breathtaking vistas of rolling hills and lush valleys.

'Pool Party' is a celebration of outdoor leisure and recreation. This project highlights our expertise in crafting dynamic spaces that cater to diverse lifestyles. From family gatherings to serene retreats, "Pool Party" extends the indoor living into a previously unutilised outdoor space.

'Mid-century Cool' pays homage to the timeless charm of mid-century design. Inspired by the architectural wonders of the past, this project artfully blends nostalgia with contemporary elements. It serves as

'Hillside Resort'

a reminder that good design transcends eras and leaves a lasting impact on the landscape and those who inhabit it. 'Mid-century Cool' showcases our ability to breathe new life into classic themes, delivering landscapes that stand the test of time.

At Goom Landscapes, our journey to the Registered Master Landscapers Landscapes of Distinction Awards has been one of passion, creativity, and hard work. Our team's dedication and expertise have manifested in these four outstanding entries, which represent a broad spectrum of our capabilities and commitment to excellence.

As we eagerly await the gala dinner, we understand that the pursuit of recognition is not the ultimate goal. It is the knowledge that our efforts have contributed positively to the landscape industry and the satisfaction of our clients that truly matter. The Awards serve as an opportunity to learn from our peers, exchange ideas, and collectively raise the bar for landscaping standards.

We are immensely proud of our teams' efforts and the beauty they have brought into the world. We eagerly look forward to sharing our experiences and results with everyone who has supported us on this remarkable journey. Going for gold is not just about winning accolades; it is about pushing boundaries and leaving a lasting legacy through our craft. Let us continue to create landscapes that inspire, nurture, and captivate the imagination of generations to come.
